AGGIEBUY LOGIN

AggieBuy is accessed through Single Sign-On (SSO) – https://sso.tamus.edu

Note: The AggieBuy system will automatically log you out after 30 minutes of inactivity. When this happens you will automatically be taken back to the SSO menu where you will have to login again.
NAVIGATION

SSO delivers you to your AggieBuy homepage, which defaults to the Shop/Marketplace screen but can be changed to any AggieBuy screen you prefer. To set your “Home Page” see page 16.
TOP PANEL

The Top Panel contains the Texas A&M University Logo at the upper left and the Banner to the right. The Banner contains several tabs/areas important to users:

Your Name, Bookmarks, Action Items, Notifications, Your Cart and Search.

Clicking your name presents a drop-down menu that contains View My Profile, Set My Home Page, Logout, a list of items that you have recently worked on, and the quantity of the various items. Refer to the Profile Settings Reference Guide to set up your Profile and see page 16 To set your “Home Page”.

NOTE: Your list might look different than what is shown here depending on your roles.
Bookmarks can be configured for quick access to your frequently used screens/pages. You may add, remove and/or reorder your Bookmarks at any time. To set up your “Bookmarks” see page 14.

Clicking the “Action Items” tab will give you a list of items that require you to take action, such as Requisition Approvals or Administrative items, and the quantity of each. When you click one of the listed items it will take you straight to the folder and the actual documents.
Next is Notifications. All users will see the Notifications tab but may not have actual content. To set up your Notifications see the **Profile Settings** Reference Guide.

Next is your shopping cart. Clicking on the “Shopping Cart” icon will bring up a list of the items in your active cart. For more information on Previewing/Going to your cart see the **Shopping** Reference Guide.

**NOTE:**
This gives you a quick view of your active cart’s contents.
A “bread crumb trail” shows the page currently being viewed in the workspace.

NOTE:
The cart/draft requisition number now appears in the bread crumb trail.

Examples of sub-links:
- View Draft Shopping Carts
- View My Orders (Last 90 Days)

NOTE:
The down arrow indicates that there are sub-links under the link.
The final tab on the Top Panel is a magnifying glass icon, which designates “Quick Search”. Quick Search allows you to search for documents (Requisitions, Purchase Orders, Receipts, and Invoices) by their number or by a person's or supplier's name. The search defaults to “All” but you may narrow your search results by selecting one of the specific search categories from the drop down menu.

NOTE: Quick Search has a quick-key that you can use instead of clicking on the magnifying glass. The Quick Search quick-key is ALT+Q.
NAVIGATION BAR

When you hover over any of the icons a fly-out menu will appear. The only icon on this bar that does not have a fly-out menu is the Home icon.

**HOME**
Clicking on this icon takes you to the Home Page you have set.

To set your “Home Page” [see page 16](#).
NOTE: This is the equivalent to “Shop Everything” search on the default homepage.

NOTE: Shop has a quick-key that you can use instead of clicking on the shopping cart. The Shop quick-key is ALT+P.

Only Department Allocators will see this link.
NOTE:
All AggieBuy users will see the Manage Suppliers link.
Site Administration Icon & Menu Search Icon

NOTE:
Only Department Allocators, Approvers and Admins will see the Site Administration icon.

The Menu Search feature will help you learn your way around AggieBuy by returning a list of screens containing your search word. Clicking a search results will take you directly to the screen, which will include a bread crumb to further help you navigate.

NOTE:
Menu Search has a quick-key that you can use instead of clicking on the binoculars. The Menu Search quick-key is ALT+M.
Creating Bookmarks for Commonly Used Pages

Bookmarks can be configured for quick access to your frequently-used pages. You may add, remove and/or reorder your Bookmarks at any time.

The Bookmarks menu is located in the Top Banner and can be accessed by clicking on the star icon to the right of your name or by pressing Alt-K.

**Quick-Steps**

To bookmark a page

1. Navigate to the page you would like to Bookmark (*pg. 14*)
2. Open the Bookmarks menu by clicking on the Star (*pg. 14*)
3. Click "Bookmark" this page (*pg. 14*)

Only menu items are available to be added as bookmarks. If a user attempts to add a lower level page as a bookmark (such as a specific requisition), the system will automatically locate the menu item associated with that page (such as Document Search) to create the bookmark.
Once you get more than one page bookmarked you can change the order they are in or delete them from your bookmarks.

NOTE: Now when you click on the “Star” you will see your bookmark(s). “My Bookmarks” has a quick-key that you can use instead of clicking on the Star. The My Bookmarks quick-key is ALT+K.

To delete a bookmark click on the trash can.

You can also rename your Bookmark. Click the pen icon.

To move a bookmark click and hold the three bars and drag them up or down. Release when bookmark is in your preferred place.

If it is correct then click “Done”. If you ever need to revert back to the original name click on the reset icon.

Type in how you want it to read and click the checkmark to save.

Menu Search

Menu Search is used to find the function you need in AggieBuy. Like some of the other searches it will show you suggestions as you type.

When the word “search” is partially typed in the Menu Search it will show everything with the letters “sear”. You can keep typing to narrow the list down or if you see what you are looking for you can click on it.

It also shows on which fly-out menu the page is located.

Keywords can be set-up by AggieBuy Administration. If you have a keyword you would like associated with an AggieBuy page to make it easier for you to look up send your request to aggiebuy@tamu.edu
